✦ SUMMARY

Consumer and UX researcher with 7+ years of experience across e-commerce, social commerce and digital experience at Tokopedia, ByteDance and Nike EMEA. I run research end to end, from study design and supplier coordination to analysis and presentations to senior leadership. I care about putting the consumer's voice into product and commercial decisions, and I turn behavioural evidence into clear, actionable recommendations.

✦ WORK EXPERIENCE

Nike EMEA HQ — Hilversum, Netherlands
Graduate Digital Experience Intern ***(Master's Study Internship)*** — **Mar 2026 to Jul 2026**

- Audited the Accessories shopping journey to map friction points and conversion gaps across discovery, navigation and purchase; presented strategic recommendations to senior Digital Experience leadership.
- Built an AI-powered internal knowledge platform for 30+ stakeholders, cutting information retrieval time by approx. 35% (about 7 hours per employee per week).

ByteDance SEA — Jakarta, Indonesia
Research Principal — **Jan 2024 to Aug 2024**

- Led primary market research on BNPL adoption across Southeast Asia, identifying behavioural drivers and trust barriers to inform commercial strategy in emerging fintech markets.
- Designed a standardised user testing framework adopted by the SEA research team, improving methodological consistency and enabling cross-market comparison of findings.

Tokopedia — Jakarta, Indonesia
UX & Product Research Manager — **Jan 2022 to Jan 2024**

- Led end-to-end qualitative and quantitative research (interviews, surveys, usability testing, tracking research) on a platform with 100M+ users, from scoping and methodology to stakeholder presentation.
- Led the Buyer Journey research team of 6 researchers and 2 coordinators; aligning the Personalisation, Home and Browse teams lifted Home TIV/session by 26.31%, CTR by 13.67% and AOV by 26.75%.
- Managed external research partners and suppliers for timely, cost-effective delivery; aligned product, design and marketing teams for senior leadership reporting.

Tokopedia — Jakarta, Indonesia
Senior UX Researcher — **Jan 2019 to Jan 2022**

- Led UX research across Physical Goods, Content, Seller and Digital Products while mentoring junior researchers.
- Drove the Tokopedia Affiliate launch, growing the user base from 4.1k to about 220k by June 2022, against a 40k annual target.
- Increased new buyers by 50% (600k to 900k) in Sep–Oct 2020. Research on impulsive buying contributed to half of the direct discount campaign's impact.
- Practised service design: combined ethnography and service blueprinting to build customer journey maps that guide product building.

✦ EDUCATION

Wageningen University & Research — Netherlands
MSc Consumer Studies, GPA 8.0/10 — **Sep 2024 to Sep 2026**

- Coursework: Advanced Consumer Studies, Sensory Marketing and Consumer Preference, Strategic Marketing for Sustainability, Consumer-Technology-Innovation.
- Thesis: localising Food Surprise Bag for the Indonesian market, focused on consumer adoption and market entry dynamics.

Universitas Indonesia — Depok, Indonesia
BSc Psychology, GPA 3.76/4.00 — **Aug 2013 to Aug 2017**

- Academic Excellence Scholarship, Ministry of Education Indonesia. Foundation in consumer behaviour, research methodology and statistics.
